EXAMINER'S AMENDMENT

1. An examiner's amendment to the record appears below. Should the changes and/or additions be unacceptable to applicant, an amendment may be filed as provided by 37 CFR 1.312. To ensure consideration of such an amendment, it MUST be submitted no later than the payment of the issue fee.

Authorization for this examiner's amendment was given in a telephone interview with John Luce (reg. no. 34,378) on June 18, 2007.

The application has been amended as follows:

IN THE SPECIFICATION:

On page 4, line 21, the term "3" (second occurrence) was deleted and the term --2-- was inserted after "knives" to correct an obvious formality.

On page 4, line 27, the term "16" was deleted since reference numeral 16 is not shown in the drawing figures.

IN THE CLAIMS:

In claim 2, line 2, the phrase --top piece of the-- was inserted before "clamping" and the term "equipped" was deleted.

In claim 2, line 3, the phrase "with at least one" was deleted and the phrase "top piece, which" was deleted and replaced with --such that the top piece--.

Claim 10 has been canceled.

Art Unit: 2854

The above changes to claim 2 were made to insure the claim language is clear and concise with respect to the top piece of the clamping plate. Claim 10 was canceled since it is an improper process claim reciting no particular process steps.

IN THE DRAWINGS:

The following changes to the drawings have been approved by the examiner and agreed upon by applicant:

In Figure 1, the lead line of lower right-hand occurrence of reference numeral 2 will be extended so as to appropriately designate the doctor blade knife in the Figure. In Figure 4, the reference character "a" will be deleted and replaced with --3-- and the lead line of reference numeral 2 will be shortened so as to appropriately designate the doctor blade knife in Figure 4. In Figure 5, the lead line of reference numeral 15 will be extended so as to appropriately designate the recess of the rod. In Figure 6, the reference numeral 6 will be deleted and replaced with --4--.

In order to avoid abandonment of the application, applicant must make these above agreed upon drawing changes.
